Features
Light Commercial, intended for Day Spa use, up to 6 hours a day
Limited 1 year parts, 90 day labor warranty where available
AutoDrain included
Proportional Steam
Microprocessor based diagnostics and LED indication
Stainless steel tank construction
Intelligent control communication
UL/CUL Listed

Required Equipment
TSC Model Control

Required Electrical Service
Dedicated circuit required: See Specification Chart for proper electrical requirements

Product Information
Water Supply - ¾" Compression Fitting, 120 PSI Max
Steam Outlet - ¾" Brass NPT male thread
Pressure Relief Valve - ¾" NPT female thread
AutoDrain Outlet - ¾" Brass NPT female thread
Supplied with a 35’ control cable

Generator with AutoDrain
Weight - 32 lbs.

Installation Notes
Supplied Warning Plate MUST be permanently installed in a highly visible location near entrance of the steam room.
For optimum performance, the steam generator should be mounted as close as possible to the steam room. If needed, the steam pipe may be up to 50’ long.
Steam Generators should be accessible for service.
Do NOT install near flammable material such as paints, thinners, gasoline, etc.
Steam generators must NOT be installed outdoors, in moist, humid areas, in areas prone to freezing, or extreme heat such as an unventilated attic. To do so will void the warranty.
Steamhead to be mounted 12” to 18” above floor or 6” above rim of tub and as far from the seating area as possible.

Service Access
Minimum: 28” L x 20” W x 22” H
